Honors and Awards

Star Performance award

Delivery Manager

December 2013

Got “Star Performance award” in the very first quarter after joining into company because of my continuous performance in the project

Cognizant Super Coder Contest

Cognizant Academy Head

October 2012

Best coder

Best Team supporter

Senior Project Manager

I supported the One team project during the critical days. By helping them to deliver the project on time and also for increasing the performance. Though I supported team project, I also took up the responsibility and completed my project on time by investing extra efforts and also got appreciation from my manager for the same

Appreciation for zero defect

Client

Got appreciation from the client that first time in history of their business, one application passed with 0 defects in the first round of UAT

Best resource of project

Senior Project Manager

Being a single resource handled first two projects using ASP.NET AJAX application that is one of the main projects even though domain new was new to me. I learnt and completed the development successfully and delivered before end date with no defect
