# Deepa Joshi

Software Engineer at Infosys

---

## 1 person has recommended Deepa

"I used to mentor Deepa. She is very keen to learn new things . She is technically, functionally sound and had successfully handled many projects. Her focus, commitment and hard work is very inspiring. She can handle multiple tasks at a time. She has been successful in handling volumes and is good in time management as well. I wish her all the very best in her future assignments."

— **Rinki Dutta**, managed Deepa at Infosys
