

Yeshashree Prasanna

Software Engineer

Experience

Vice President Public Relations, Jinsei Dojo Toastmasters Club at Toastmasters International

July 2015 - Present (1 year 9 months)

Jinsei Dojo Toastmasters is India's first and only Bi-lingual club affiliated to Toastmasters International. It is a platform to practice effective communication and public speaking skills in Japanese.

Responsibilities

- # Develop club PR strategy
- # Create awareness about Toastmasters
- # Design and distribute promotional content
- # Garner PR awards for the club
- # Announce club news and activities to public through various media

DevOps Engineer at Infosys

April 2015 - Present (2 years)

Client: Leading Global Investment Bank
Domain: OTC Derivative Trade Processing
Division: Operations Technology

Projects on the technical front in my daily work -

- # Developed automation scripts to reduce/eliminate manual effort.
- # Configured, scaled up server related code to efficiently handle and balance load.
- # Analysed resource contention problem in servers and fixed code which completely eliminated manual intervention to start/stop servers and the alerts caused by this.
- # Report remediation: to code new requirements for compliance reports.
- # Worked on querying metrics related data using Elastic Search and Kibana dashboard.

Tasks on the operations front in my daily work -

- # Gathering requirements from users
- # Understanding the trade life cycle and workflow
- # Identify root causes on critical problems, and take necessary steps to resolve them
- # Identifying tasks that can be automated

Public Relations Head at Japan Habba

December 2014 - Present (2 years 4 months)

Japan Habba is an annual Indo-Japan cultural extravaganza which brings together thousands of cultural enthusiasts, native Japanese living in Karnataka, and guests alike.

My roles and responsibilities as a PR Head:

- # Develop campaign strategies and set PR budget
- # Designing promotional material and content
- # Social media marketing
- # Lasing between the committee and local and online news agencies
- # Planning promotional events
- # Setting standards and processes for this role and documenting them

Committee Chair at Japanese Language Speech Contest

July 2015 - December 2015 (6 months)

Systems Engineer Trainee at Infosys

July 2014 - November 2014 (5 months)

Successfully completed training in JEE stream with 89%.

Hands on training in Core Java, JSP, JDBC, JPA, HTML, and CSS which concluded with developing an e-commerce web project

Projects

Operation Theatre Management System

January 2014 to May 2014

Members:Yeshashree Prasanna

The crux of our system is a scheduler which schedules surgeries using one of the two algorithms. This address the static aspect of the system. To handle the dynamic aspect, we build a re scheduler which optimally reschedules (minimal changes to existing schedule and minimum disturbance to patient) the surgeries in cases of delays, emergencies and cancellations.
